PROFESSIONAL SUMMARY

Seeking a role in a dynamic company where I can contribute my ideas and be mentored toward a successful career. Aspire to bring innovation and dedication to the team, foresting an environment of growth and success.

EDUCATION

Sri Padmavati Mahila Visvavidyalayam, Tirupati B.TECH: Computer Science and Engineering – CGPA: 8.2	Oct 2020-Apr 2024
Sri Chaitanya Junior College, Bapatla Intermediate: MPC – GPA: 9.79	June 2017-Apr 2019
Z P Girls High School, Chirala Secondary Education: SSC – GPA: 9.0	June 2016-Apr 2017

INTERNSHIPS

- **Artificial Intelligence & Machine Learning | APSCHE** **Dec 2023-Apr 2024**
Successfully completed an APSCHE-accredited internship, gaining hands-on experience in AI and ML with a focus on real-world applications, data preprocessing, and algorithm optimization.
- **Artificial Intelligence| Dexterity** **Nov-Dec 2023**
Expanded Knowledge in Python and Machine Learning. Gained hands-on experience in implementing machine learning algorithms to solve real-world problems.
- **Salesforce | Bodha Software Technologies** **May-June 2023**
Acquired hands-on experience in Salesforce administration, including user management, profile settings, permission sets, customizing objects, fields, workflow rules.

PROJECTS

- **ATM System in Java** **Nov 2024**
Developed an ATM System in Java with features like account creation, balance inquiry, transactions, and admin control. This experience enhanced my problem-solving skills and coding expertise while delivering a comprehensive banking simulation system aligned with industry standards.
- **Heart Attack Prediction using Machine Learning** **Dec 2023**
Developed a machine learning model for Heart Attack prediction by regression algorithms to identify potential risk factors and contribute to early detection.
- **House Price Prediction using Machine Learning** **Nov 2023**
Implemented a machine learning model for house price prediction, utilizing regression techniques to accurately estimate property values.
- **Application to send Email if any Vehicle violates traffic rules** **June 2023**
Salesforce project aims at sending email notifications by checking the speed of the vehicle, if it crosses the speed limit, it will send notification to the police.

SKILLS

- | | | |
|----------|--------------|---------------|
| • SQL | • Java | • Java Script |
| • Python | • Salesforce | |

CERTIFICATIONS

- Certified in Artificial Intelligence & Machine learning by APSCHE **Apr 2024**
- Earned Certification in Artificial Intelligence by Dexterity **Dec 2023**
- Granted certification in Salesforce by Bodha Software Technologies. **June 2023**
- Achieved Certification in Python by APSCHE **Nov 2022**
- Received certification in Programming Essentials in Python by OpenEDG. **Oct 2022**
